

Pipe & Industrial Tools™

SPEC SHEET 6,000 LB. MEGA ROLLER (SHORT) PN 3806

SPECIFICATIONS

- 6,000 lbs. weight capacity.
- 4" - 48" pipe capacity.
- 6" x 3" heavy-duty urethane over steel wheels with sealed bearings ideal for smooth bump free pipe rotation.
- Contamination free wheels are ideal for steel or exotic pipe fabrication.
- Heavy gauge steel construction throughout. These mega rollers are made for years of job-site abuse.
- Powder coated safety red for high visibility.
- Expanded foot print at 36" x 32" increases pipe stability.
